## Fire Hydrant Is Damaged When Struck By Truck

City police reported an estimated \$1,000 damage resulted when a gasoline tank truck hit and pulled a fire hydrant out of the ground at 3:10 Wednesday afternoon.

The accident occurred at the intersection of Maple Avenue and Elm Street.

Police said the tank truck was being driven by Dwight Kenneth Liston, 46, of 808 South Indiana Street.

Going south on Maple, Mr. Liston made a right turn into Elm Street. He apparently cut the truck too sharp and it struck the city fire department hydrant.

City Officer Russell Rogers investigated the accident. His estimate was based on repair or replacement of the hydrant and loss of water.

Liston's truck was damaged an estimated \$25.

A second traffic mishap at 7:50 Wednesday evening also resulted in property damage but no injuries.

Police reported that a 1963 Falcon was being driven south on Arlington by Lance V. McHargue, 18, Hess Trailer Park.

At the same time, Richard David Nice, 21, Columbus, Ohio, was driving east on Washington in a 1951 Plymouth.

The two autos got together in the intersection.

City Officer Donald Twomey investigated and estimated the damage at \$225 to the Plymouth and \$200 to the Falcon.

## Aid To Cambodia Is Ended By U.S.

WASHINGTON UPI — The United States today wrote "finis" to an eight-year effort to bolster Cambodia's neutralist government with military and economic help. It had no other choice.

State Department officials said a note was en route to Prince Norodom Sihanouk bowing to his demand for termination of the \$28 million-a-year aid program and withdrawal of American military and economic missions.

More in sorrow than in anger U.S. officials predicted dire difficulties ahead for the 41-year-old prince who has sought to walk a tightrope between the Communists and the West.

They expressed fear that leftist pressure, added to "unfounded" suspicions of the United States, was pushing the strategic Southeast Asian country into the Communist orbit.

## Cost Of Living Will Be Checked

WASHINGTON UPI — The Labor Department will check prices from the cradle to the grave for its streamlined cost-of-living index that will appear next February.

The costs of funerals—a controversial national topic—will be calculated for the first time in computing average expenses of the city-dwelling wage earner.

Labor Department officials said investigators would check the price of a complete funeral with undertakers in 50 cities. Their findings on funerals will not be listed separately by the government but will be blended with other price data in determining the Consumer Price Index CPI.

## 20 Years Ago

Members of the Elks Lodge and their ladies enjoyed a turkey dinner at the club home.

Mrs. Gene Akers was hostess to the Home and Child Study Club.

The Mothers Study Club met with Mrs. Frank Deer.

## Objects To Zip Code For Santa

CHATHAM, N.Y. UPI — "Yes, Virginia, there is a Santa Claus," but this year he may not answer your Christmas letter—unless you know his zip code number.

Zip code for Santa Claus? "What a ridiculous idea!" said Mrs. Virginia Douglas, the 74-year-old grandmother who was the original Santa Claus girl.

Mrs. Douglas was 8-year-old Virginia O'Hanlon when she wrote New York Sun editor Francis Church in 1897: "Some of my friends say there is no Santa Claus. Please tell me the truth."

Church in his famous Christmas editorial replied: "He exists as certainly as love and generosity and devotion exist. How dreary would be the world if there were no Santa Claus."

Mrs. Douglas said today she was shocked that the U.S. Post Office could demand not one, but two zip code numbers on letter written to Santa Claus at the North Pole.

The letter writer not only has to know Santa's number but also his own—which may be even more difficult to remember.

The general New York City Post Office announced recently that children writing to Santa must know the zip code for the North Pole—99701—and their own neighborhood zip code in order to receive an answer.

"The North Pole has been found for generations without a zip code," Mrs. Douglas said. "Mr. Church wouldn't approve of such a thing the zip-code."

"It's such a heart-warming feeling to hear from Santa Claus," said Mrs. Douglas. "What will children think if he doesn't answer? It will only fortify disbelief in him."

"I realize they the post office have a difficult job, but some things should be beyond impersonal automation," said the retired New York City public school teacher.

"What a thing to do," she said. "Those sincere letters will probably end up in the dead letter office. I would have felt terrible if my letter had not been answered."

Mrs. Douglas now lives in this Columbia County village with her daughter who has seven children.

A spokesman for New York Postmaster Robert K. Christenberry explained that the requirement for zip codes on letters to Santa was part of an educational campaign to get the public to make more general use of the five digit codes. The spokesman said the same sort of thing was going on all over the country.

"It seems so impersonal," Mrs. Douglas said. "No Santa Claus!" wrote editor Church. "Ten thousand years from now, Virginia, may ten times ten thousand years from now, he will continue to make glad the heart of childhood."

But, the post office might add, "not without two zip codes."

## River Downs Track Sued By Dog Owner

CINCINNATI, Ohio UPI — A "loyal and faithful dog" had a stroke and his owner filed a \$100,000 suit Wednesday against a race track and the Thoroughbred Protective Bureau.

Keith Robinson charged he was evicted from River Downs race track on June 26, 1962, after he paid the \$2 admission, and was placed in the county jail for a week on a trespassing charge. During this time his dog had suffered a stroke, he said.

The suit also said Robinson was later found innocent of the trespass charge.

## Time For Lunch

FORT WORTH, Tex. UPI — A Fort Worth housewife opened a can of green beans for lunch Wednesday and found a man's wrist watch in the beans. She wound the water-proof watch and it ran.

## One Year At Farm

Paul Dean Smith, 20, city, was sentenced to serve one year at the Indiana State Farm by Judge Francis N. Hamilton in Putnam Circuit Court Wednesday.

Smith had previously pleaded guilty to a charge of non-support of minor children.

He was returned to the Putnam County jail last Friday from Brazil by Sheriff Kenneth Knauer.

## Putnam Court Notes

Clyde Whitaker vs. Paul O. Jones, complaint on note. William McClellan is attorney for the plaintiff.

## Democrat Feud Enjoyed By GOP

DALLAS UPI — President Kennedy's "non-political" visit to Texas today triggered a feud between liberal and conservative Democrats that only the Republicans enjoyed.

Vice President Lyndon B. Johnson, who preaches the New Frontier but remains friendly with conservatives in his home state, was in the middle.

Liberals were angry because they felt Sen. Ralph Yarborough D-Tex., was being slighted in activities in five cities. They also decried the role conservatives played in arranging Kennedy's three-day visit.

Conservative Democrats, who usually share victories with occasional Republicans, were the butt of the criticisms but remained silent. The GOP, in the past, has seized on differences within the Democratic party of Texas to make its greatest gains.

The sponsor of a lunch in Dallas for Kennedy, the Dallas Citizens Council, is headed by J. Frik Jonson who was Richard Nixon's Texas campaign manager in 1960.

"From the invitation list so far in Dallas," a liberal critic said, "one would think Nixon was coming to Dallas to greet his dedicated workers."

Dallas, scene of spirited demonstrations against Adlai Stevenson three weeks ago, took extra steps to insure Kennedy's good treatment. Police Chief Jesse Curry warned of "immediate action" against "degrading" actions.

## Hunting Victim

MONROEVILLE UPI — The body of Herman Hoffman, 72, Decatur, was found draped over a wire fence by two railroaders Wednesday, dead of wounds suffered when the trigger of his shotgun snapped when he climbed the fence while hunting.

## Fund Transfer

INDIANAPOLIS UPI — The Indiana Board of Finance Wednesday approved a transfer of \$1.7 million from the general fund to be distributed to Indiana schools for special education as a means of correcting a recently discovered error.

EVERYBODY HAPPY EXCEPT CAMELS—A two-inch rain ending the long Oklahoma drought delighted everybody except the camels at Lincoln Park Zoo in Oklahoma City. Zoo director Warren Thomas is trying to coax two desert-dwellers out from under a shelter.

NHU MODEL CRACKS UP—Madame Ngo Dinh Nhu leaves (left) the convent near Rome where she has secluded herself, and moments later her car smashes into the parked car of a news photographer. Men are shown trying to get her car started again as nuns look on. She was on her way to the villa nearby where her children are living. (Radio Photos)

## Will Study Anderson's Proposals

INDIANAPOLIS UPI — The Indiana Legislative Advisory Commission took steps today to effect a modernization program for the state fire marshal's office in the wake of criticism following the Indianapolis Coliseum disaster.

The commission created a six-member committee to study proposals by State Fire Marshal Ira Anderson, a former legislator himself, and present to the 1965 General Assembly a program to improve the office.

Anderson charged in an appearance before the commission that the legislative and judicial branches of Indiana government were indirectly responsible for conditions which may have contributed to the death of 71 persons in the Halloween explosion during an ice show.

Anderson said the legislature failed to provide enough funds for sufficient inspectors and engineers and activities important to controlling hazards, and prosecutors and judges were reluctant to prosecute violators of state fire regulations.

But State Sen. Charles Maddox, R-Otterbein, said "it's not the legislature's fault you didn't have the money."

"The money was available and all you had to do was ask. You didn't put enough pressure on the budget department."

But Sen. Von A. Eichhorn, D-Uniondale, sympathized with Anderson. He termed the marshal's office "one of the old neglected offices of the state" and said "we've got to bring the office up from 1915 and move a century ahead." Anderson had said the office was required to operate under 1913 laws with inadequate help.

## Shotgun Victim

LAFAYETTE UPI — David A. Wilt, 10, R.R. 6, Lafayette, was accidentally shot to death Wednesday when a playmate pulled the trigger of a shotgun at the victim's home near here. Police said the accident occurred while young Wilt and John Barnett, 9, a neighbor, were playing with a gun they did not know was loaded.

## Hoffa Attorney Is Found Guilty Of Attempted Bribe

## Grain Prices Too High For Soviets

WASHINGTON UPI — Soviet officials have told the State Department that the prices quoted by U.S. grain dealers for wheat offered for sale to Russia still are too high, it was learned.

The latest snag in negotiating the controversial grain deal approved by President Kennedy came as the Senate Banking Committee took up a bill which would prohibit extension of U.S. government credit for any grain shipments to Communist nations.

State Department spokesman Richard I. Phillips declined to discuss details of a meeting Tuesday night between Sergei Borisov, Soviet deputy trade minister who heads the Russian wheat delegation, and State Department Russian affairs adviser Llewellyn E. Thompson.

But Phillips said he would not be surprised if more government-to-government talks on the wheat deal take place. From other sources it was learned that the price controversy still was not settled.

## Jack Defends Space Program

SAN ANTONIO, Tex. UPI — President Kennedy today defended his space program against critics of both parties, saying it would not drain off national resources needed to improve American living standards.

The Chief Executive and his wife, Jacqueline, flew here from Washington to open a two-day, five-city Texas tour with a dedication speech at the Aero-Space Medical Health Center on Brooks Air Force Base outside San Antonio.

The trip, alternately labeled "political" and "non-political" by the White House, also put Kennedy in the role of a political healer. He hoped to unify divergent wings of the Democratic party in the state for a stronger showing in the 1964 election.

Speaking against the background of the medical laboratories at Brooks AFB, the President said too many Americans assumed that space research was without value here on earth.

## Marriage Licenses

Richard Dean Clark, WLWI, Fillmore, and Carol Lou Newlon, Butler student, LaPorte. Vernon LeRoy Zeiner, farmer, Fillmore, and Judy Irene Staggs, student, Greencastle.

## Dangerous Dog

RENO, Nev. UPI — When a Reno patrolman sent his ferocious police dog into a warehouse to flush a suspected burglar, out came a 7-year-old boy who reported the animal playfully licked his face.

"I told him to go away, and he did," the youngster told the dismayed patrolman.

## To Sponsor Meetings

INDIANAPOLIS UPI — Indiana AFL-CIO president Dallas Sells announced at a news conference today his organization will sponsor meetings at which banker Philip H. Willkie will speak on behalf of raising the savings interest rate in Indiana.

## NOW YOU KNOW

The nation's highest concentration of college graduates is in Washington, D.C., where more than 14 per cent had at least four years of college, according to a recent survey by the Metropolitan Life Insurance Co.

NASHVILLE, Tenn. UPI — Two federal judges ruled Wednesday that an attorney for Teamsters President James R. Hoffa was guilty of an attempt to bribe a prospective juror and disbarred him.

The court accused attorney Z. T. Osborn, Jr., of conspiring to offer \$10,000 for a vote of acquittal when Hoffa goes on trial on jury tampering charges.

The judges said Osborn, a minister's son and former assistant U.S. district attorney, tried to have a "middle man" approach one of 36 prospective jurors in the trial scheduled next Jan. 6.

Hoffa has six co-defendants in the jury tampering trial. He faces a maximum penalty of 25 years in prison and \$25,000 fine if convicted.

The union boss and the others are charged with trying to influence by bribes and other means members of the jury in Hoffa's conspiracy trial here last year.

Call was answered with a Bible

November meeting at the home  
of Mrs. Alfred Hanks with Mrs.  
Earl Sanders acting as co-hos-

roll call. The lesson on Food  
Additives was given by Mrs. Ray  
Lawson and Mrs. J. L. Alex-  
ander. It was brought out that  
additives are the chemicals added  
to foods; they may be as com-  
mon to us as pepper or Sucaryl,  
but we do not recognize their  
chemical names. Vitamins added  
are additives. This word was  
coined in 1910. The Food and  
Drug Administration was set up  
for the protection of the public.  
In 1959 the laws were so revised  
as to set limits on the amount of  
additives of different kinds to be  
permitted in foods. This also  
covers the residual amounts of  
insecticides and pesticides allow-  
ed in animal foods.

Mrs. Eugene Ozment was ap-

sent the club for the Putnam  
County Mental Health Program.

## Sheinwold On Bridge

Contract Depends

On Finding King

By Alfred Sheinwold

Nature some of us go to a great deal of trouble to look for queens, and others search just as hard for kings. I'm talking about bridge players, of course, and the heroine of my story was looking for a paper king.

West took the top hearts and switched to a trump. Mrs. Mickie Heumann, Los Angeles Mixed Pair Champion, drew two rounds of trumps and then wondered who had the king of diamonds.

If East had the king of diamonds, a finesse would be in order. If West had the king, some other play would be needed.

How do you find out where the kings are? Never underestimate the power of a pretty girl.

Mrs. Heumann reasoned that East needed one of the missing kings for his raise to two hearts, and that West needed one of the kings for his opening bid. If she could locate the king of clubs, that would tell her who had the king of diamonds.

#### LEADS QUEEN

For this reason Mrs. Heumann led the queen of clubs from her hand before beginning the diamonds. West played a low club, and declarer won with dummy's ace.

There was now good reason to believe that East had the king of clubs. If West held that card he would have played it on declarer's queen.

If East had the king of clubs, West surely had the king of diamonds. Since a normal diamond finesse would not work, Mrs. Heumann cashed the ace of diamonds and led a low diamond.

Fortunately, West had to play the king. Declarer still had the queen of diamonds to capture East's jack, and the contract was safe. If South had taken a normal diamond finesse she would have lost the queen to West's king, and another diamond to East's jack.

Plainfield and Belle Union squared off in the 3rd weeks play of the Reelsville Amateur Basketball League Sunday in the first game of the afternoon with Plainfield defeating Belle Union 88 to 75. Bill Stratford, the leading scorer for the Plainfield team, led both teams with 31 points. Mike O'Hair, former Bainbridge High School Star led the losing Belle Union team with 29 points.

Greencastle narrowly escaped the hands of a red hot Cloverdale Squad in the second game of the afternoon 97 to 85. Cloverdale held a five point lead in the final quarter on the fine shooting of Jerry Lewis, former Reelsville High School Star but fine team work on the part of Jim Jones and Steve Komgenick kept the Greencastle team in the game. John Carson's 35 points, 15 of them coming in the final quarter made the final difference for the well deserved Greencastle victory. Jerry Lewis led the Cloverdale team with 32 points.

Neither team had more than a 4 point lead at any time and the lead change hands 6 times during the game.

Reelsville's scoring was well balanced with Ray Goddard leading the way with 24 points. Dave Hammond and Harold Barnett followed close behind with 17 and 15 points respectively. Tom Grissom was high man for the losing Brazil team with 19 points.

### Yanks To Leave South Viet Nam

HONOLULU UPI— Approximately 1,300 American troops now serving in South Viet Nam will be returned home within the next two months, according to top-level foreign policy planners for the United States.

The announcement was made Wednesday at the close of a secret one-day meeting of high-ranking U. S. military and civilian leaders at the Pearl Harbor headquarters of Adm. Harry D. Felt, U. S. commander in chief, Pacific.

The planners, led by Secretary of State Dean Rusk and Defense Secretary Robert McNamara, issued a brief formal statement at the close of the meeting—which apparently was devoted entirely to the future position of the United States in South Viet Nam.

The statement, given to newsmen by McNamara's public affairs officer, Arthur Sylvester, said that a contingent of 300 U. S. troops would leave South Viet Nam Dec. 3, and an additional 1,000 would leave near the end of the year.

Officials said there are at present 16,500 U. S. troops assisting and training the Vietnamese.

### Four Polio Cases

INDIANAPOLIS UPI— Indiana's 1963 polio case total remained at four today compared with 23 this time last year. No new cases have been reported in recent weekly morbidity reports of the Indiana State Board of Health.
